CANNY

QUICK-START GUIDE

1. Scan the QR code on your CANNY device to download the **CANNY.LZR** app.

Please refer to our YouTube channel for more information.

2. Select '**SETUP NEW CANNY DEVICE**' and enter the serial number from the front of your CANNY device.

3. Locate your vehicle from the '**SEARCH VEHICLE**' function, or scroll through the list of compatible vehicles.

Select vehicle, and click '**PROCEED WITH SELECTED VEHICLE**'.

4. Either: '**DOWNLOAD WIRING INSTRUCTIONS**', or if CANNY installation is already made, click '**SEARCH FOR CANNY**'.

5. When searching for your CANNY in the Bluetooth device list, enter the PIN from your CANNY QR device label when prompted.
